PETE TO
ACUPUNCTURIST / ORIENTAL MEDICINE PRACTITIONER /
OCCUPATIONAL THERAPIST, M.A. ACUPUNCTURE AND
REHABILITATION (CHINA),
M.A. OCCUPATIONAL THERAPY (USA) DIPLOMATE
OF ORIENTAL MEDICINE (NCCAOM) (USA)

Pete is a multi-discipline therapist with more than 20 years of experience working in diversified clinical settings. He has extensive experience using an East-meets-West approach to treat conditions such as acute/chronic pain, sports injuries, child developmental disorders, strokes, depression, insomnia and obesity. He also uses Crainiosacral Therapy (CST) to assist with stress management, self relaxation techniques, and mother and child bonding.

A holder of numerous professional qualifications, including a Diplomate of Oriental Medicine (NCCAOM), USA; a Medical Doctorate in Integrated Medicine (China); a Masters in Acupuncture and Rehabilitation (China); and a Masters in Occupational Therapy (USA), Pete has more than two decades of experience working in specialist hospitals, pain clinics, sports medicine and rehabilitation centres and TCM Medicare centres. Through his vision and close collaboration with experts from Southern Medical University in Guangzhou he treats metabolic disorders, chronic headaches and other conditions.
